Announcement

Although we have been breeding Short Horns for fifteen years this is our first public sale offering. The demand for our surplus, especially bulls, has been strong and on that account we have not listed any young bulls for this sale. However, in order to make the sale attractive we have induced Bellows Bros., the well known breeders of Maryville, Mo., to list 10 bulls.

Previous to engaging in the breeding of pure bred Short Horns we were extensive handlers and feeders of steers and from this experience we learned the advantage of good breeding, type and quality, for profit to both the grower and feeder. Naturally, in selecting our breeding herd, we have kept in mind the essential qualities of individual merit with the character and quality which has so long characterized this great breed of cattle and has brought our best Short Horns into such general and public favor. The foundation for our herd was purchased from such well known breeders as the late T. R. Westrope, the late Col. G. M. Casey, N. P. Clarke of Minnesota, M. E. Jones of Illinois, Bellows Bros. of Missouri and others. The herd bulls used includes Nonpareil King 153467, chief stock bull from the Westrope herd; Sittyton Victor 215814, from the herd of H. C. Duncan of Missouri; the many times grand champion CHOICE GOODS and to follow him the champion and sire of champions, Ruberta's Goods 283807, now our chief herd sire. The get of Ruberta's Goods and females bred to him will be one of the attractive features of this public sale offering. Some females will be bred to the Canadian bred young show bull, The Benedict 339926, which last year headed our successful young show herd. The record of winnings, on cattle of our own breeding, at the state fairs, American Royal and International supplies ample evidence of the fact that we are breeding the type of cattle in demand by our best judges.

We extend a cordial invitation to all lovers of good Short Horns to attend the sale. We will be pleased to meet you and will gladly furnish you with such information as you may desire.

HOWELL REES & SGN, Pilger, Neb.

As breeders of Short Horns we have been before the public so long that little need be said at this time. We are contributing only bulls and we are confident that those desiring a herd bull or one for show purposes will find what they want. They are a good lot from which to make a selection. For pedigrees see back part of catalog.

BELLOWS BROS., Maryville, Mo.

Imp. Wood Violet—(imported in dam); bred by A. Cruickshank, Sittyton, Scotland, was imported in 1884 by James I. Davidson, Ontario, Canada. Wood Violet descended from Moss Rose, purchased from Mr. George Williamson, of North Lincolnshire, as one of the foundation cows for the famous Sittyton herd. She became the ancestress of the noted Violet family. The noted Sweet Violet 2d (sold to Col. Casey at Mr. T. R. Westrope's sale for \$3,705) was of this family.

Imp Lord Banff 150718—retained for some time in W. D. Flatt's herd as chief stock bull. His dam is a cow of remarkable scale, a deep milker and good breeder. Lord Banff won first at Toronto, where he also headed third prize herd; first and champion at Syracuse, New York, in 1901, first at Pan-American in 1901, and was sold at auction in Chicago to George E. Ward, Sioux City, Iowa, for \$5,100. He was got by Cap-a-Pie (58591)—an Inverquhomery Augusta, a Royal Northern prize winner, and a sire of the Smithfield winners of 1884, 1885 and 1886, out of Roan Bessie, by the Cruickshank Cicely bull, Sittyton Sort (61831).

Good Choice 227852—was sired by the many times grand champion Choice Goods. That he was appropriately named, we think no one will question. As a junior calf he was third at the International and as a two-year-old he defeated every bull of his age that he met, winning first at the Iowa and Nebraska State Fairs, also first at St. Joseph and at the American Royal. He now weighs 2,350 lbs. and is as smooth and active as a yearling. He has a perfect disposition, is a natural flesh carrier and has proven a remarkably prepotent sire. He sires both good bulls and females alike. The thrift and beautiful Short Horn character of his get impress all who see them.

Imp. Wood Violet--(imported in dam); bred by A. Cruickshank, Sittyton, Scotland, was imported in 1884 by James I. Davidson, Ontario, Canada. Wood Violet descended from Moss Rose, purchased from Mr. George Williamson, of North Lincolnshire, as one of the foundation cows for the famous Sittyton herd. She became the ancestress of the noted Violet family. The noted Sweet Violet 2d (sold to Col. Casey at Mr. T. R. Westrope's sale for \$3,705) was of this family.

Imp. Choice Goods 186802--the grand champion sire and show bull used so successfully by Bellows Bros. Col. Geo. Bellows says, while in Scotland a few years ago he visited the herd of Mr. James Durno, breeder of Choice Goods and saw the mother, Geraldine 5th. She is a cow of the true matronly type, a regular breeder and heavy milker. Remus the sire of Choice Goods was a son of Star of Morning and in visiting the herds of Scotland we found more good Short Horns the descendants of Star of Morning than any other single bull. The sire of Geraldine 5th was the Campbell bred prize bull First Choice, he by the Cruickshank Brawith; Bud sire Gravesend 98361, and out of Clarissa by Luminary 52566.

Sonsie Goods 109098—is one of the thickest heifers to be sold this year. Anyone wanting a junior yearling will not do wrong in looking after her.

Good Choice 227852—was sired by the many times grand champion Choice Goods. That he was appropriately named, we think no one will question. As a junior calf he was third at the International and as a two-year-old he defeated every bull of his age that he met, winning first at the Iowa and Nebraska State Fairs, also first at St. Joseph and at the American Royal. He now weighs 2,350 lbs. and is as smooth and active as a yearling. He has a perfect disposition, is a natural flesh carrier and has proven a remarkably prepotent sire. He sires both good bulls and females alike. The thrift and beautiful Short Horn character of his get impress all who see them.

Cherry Grove Poppy 30702—has a roan bull calf at foot and bred again to Ruberta's Goods. She is a good breeder and one of the largest cows in the offering.

Imp. Rose of Sharon—was bred by Thomas Bates, Kirklevington, England, and imported in 1836 by the Ohio Importing Company. From this famous cow has descended one of the finest tribes of cattle known to the breeders of the world. This tribe became famous in the hands of the late Abram Renick of Kentucky. He sold at one time six females for exportation to England at an average of \$3,600, and would not price any females to remain in this country until just previous to his death. Along in the '70s his bulls sold readily at from \$500 to \$2,000 to head Short Horn herds.

Imp. Lord Banff 150718—was sold in November, 1901, for \$5,100, the highest price paid in an auction sale for a Scotch Short Horn bull up to that time. His dam is a cow of remarkable scale, a deep milker and good breeder. She has been successfully exhibited at local shows in Scotland. Lord Banff won first at Toronto, first and champion at Syracuse, N. Y., 1901, first at the Pan American, 1901, and first at the Illinois State Fair.

Imp. Dulcibella—bred by Mr. Whitaker, imported by Francis Rotch, New Bedford, Mass. This is one of the old, tried and standard families, elegantly bred, and are noted as excellent milk cattle as well as great beef producers. Since their introduction into the western grain growing states they have become a dual purpose family highly prized by their owners.

Superb Goods 333019—is a worthy son of a great sire. He combines the blood, in his top crosses, of two World's Fair winning bulls, namely Choice Goods and Young Abbotsburn. He is of show yard character and in condition to carry on for the fall shows. His first calf, Superb Chief, is included in this sale and you can see how he is breeding. If in quest of about the best bull to be found or sold don't fail to see Superb Goods.

Imp. Wood Violet—(imported in dam); bred by A. Cruickshank, Sittyton, Scotland, was imported in 1884 by James I. Davidson, Ontario, Canada. Wood Violet descended from Moss Rose, purchased from Mr. George Williamson, of North Lincolnshire, as one of the foundation cows for the famous Sittyton herd. She became the ancestress of the noted Violet family. The noted Sweet Violet 2d (sold to Col. Casey at Mr. T. R. Westrope's sale for \$3,705) was of this family.

Good Choice 227852—was sired by the many times grand champion Choice Goods. That he was appropriately named, we think no one will question. As junior calf he was third at the International and as a two-year-old he defeated every bull of his age that he met, winning first at the Iowa and Nebraska State Fairs, also first at St. Joseph and at the American Royal. He now weighs 2,350 lbs. and is as smooth and active as a yearling. He has perfect disposition, is a natural flesh carrier and has proven a remarkably prepotent sire. He sires both good bulls and females alike. The thrift and beautiful Short Horn character of his get impress all who see them.

Collynie Goods 363109—is the first son of Diamond Goods to be offered at public sale. He is a corker, being compact, thick and meaty and such strength through the heart and over crops is seldom met with. If wanting a bull of the right stamp by all means see this fellow.

Mr. Marr's Emmas—have been highly appreciated in America since the famous Potts' Emmas made such a good impression in the American show ring. They were of that thick, low, heavy stamp that has helped the Aberdeenshire Short Horns to forge to the front and to be recognized as money-makers wherever found.

Diamond Goods 333014—red, calved January 13, 1909; bred by Bellows Bros., Maryville, Mo, got by Good Choice 227852, out of Sweetheart by Victorallan 212209 out of Modesty.

Imp. Young Mary—by Jupiter (2170), a roan of 1832; bred by J. Clark, of England, imported in 1834 by the Ohio Company and sold at their sale October 26, 1836, with cow calf Pocahontas by Comet Halley (1855) for \$1,500 to Edwin J. Harness, the importer of Young Phyllis by Fairfax (1023). From him they passed into the hands of Isaac Vanmeter and Isaac Cunningham, of Clark county, Kentucky, who bred them successfully for several years. Young Mary was a cow of great excellence, and a remarkable breeder, having bred successfully till 21 years of age. It is believed that more show cattle have been produced from this family than from any other.
